

#### **ADHESIVE DESCRIPTION: R-2150+**

An excellent removable adhesive with low to moderate adhesion on most surfaces, R-2150+ is a good choice for a variety of removable applications. It functions most effectively on smooth surfaces, including glass, paper and painted metal. It has excellent stability and demonstrates very little growth in adhesion over time however, adhesion growth will vary depending upon substrate. Pretesting is recommended to determine end-use applicability.
